Cookie Policy

Please read this cookie policy carefully before using the BHD website ("website") operated by the Myrovlytis Trust ("us", 'we", "our").

What are cookies?

A cookie is a file containing an identifier (a string of letters and numbers) that is sent by a web server to a web browser and is stored by the browser. The identifier is then sent back to the server each time the browser requests a page from the server.

Cookies may be either "persistent" cookies or "session" cookies: a persistent cookie will be stored by a web browser and will remain valid until its set expiry date, unless deleted by the user before the expiry date; a session cookie, on the other hand, will expire at the end of the user session, when the web browser is closed.

Why do we use cookies?

Authentication and status – we use cookies to identify you when you visit our website and as you navigate our website.

Security – we use cookies to protect our website and services generally.
